_____

Adults, are you interested in being a small group leader? We are in need of 16 small group leaders. All adult volunteers will be paired with a partner (feel free to suggest who you would like to be paired with below)! Adult leaders are not responsible for the content of the class, but help lead conversations in small groups with guiding questions (which will be provided). We will have a short meeting/training during the 9:30am service on January 13.
